

## FWT-331USBC FWT-631USBC

3/6-outlet surge protector wall tap  
A and C USB fast charging ports and  
nightlight

The wall tap from Forza® is designed to plug in multiple devices in one location, providing surge protection for each AC outlet and USB charging ports. With a combined output power of 3.1-amps, these Type A and Type C ports are perfect for keeping tablets, smart phones and other rechargeable electronics ready to use. A built-in nightlight with photosensor automatically turns on after dark to provide dusk-to-dawn illumination. Designed for convenience, this power multiplier is perfect for any home or office that needs extra power. Its low profile makes it easy to plug it anywhere is needed, even in hard-to-reach areas or tight spaces.

### Highlights

- Converts one outlet into three or six surge-protected grounded AC outlets
- Three USB ports conveniently located on the front
- Features a cradle on top to keep your devices safe while being charged
- Nightlight with sensor and on/off switch
- Its sleek and contemporary look seamlessly integrates into any décor
- Surge protection rating of 490 joules
- Surge protection LED indicator
- Overload and short circuit protection
- Compact, light and portable, it's easy to carry wherever you go
